about last March. Tired and worn from strain of overwork he was ordered by his physicians to make a trip abroad in order to obtain special treatment and a complete rest. Some indication of the secretary's condition was to be found in his collapse on the steamship pier in New York city just as he was about to board the White Star liner Cretic bound for the Mediterranean sea. Secretary Hay, however, was determined to continue his trip, and he was carried on board to his cabin. He improved and finally went to Bad Nauheim, where he took the baths and seemed to be improving. The return from Europe was made about a fortnight ago.

Secretary Hay spent a few days at his daughter's residence at Bayside, L. I., and a few days later he went to Washington to take up for a brief period his duties as secretary of state.

Philippine Party Hears News.

Wheeling, W. Va., July 3.—Secretary of War W. H. Taft and party, who left Washington last night enroute to San Francisco, on their Philippine trip, heard of Secretary Hay's death at Benwood Junction early today. They were grieved beyond expression. Secretary Taft said the death of the distinguished diplomat and scholar was a great shock to him. It was believed the demise of Mr. Hay would stop the Philippine trip, but Mr. Taft said he would be guided by the desires of the president. He stated that he would wire Washington at once and the movements of the party would depend absolutely upon the wishes of Mr. Roosevelt. Secretary Hay's death has saddened the spirits of the entire party.

Secretary Taft said:

"Secretary Hay was a very remarkable man. He was America's premier diplomat and handled European politics with splendid detail and plan. He was a delightful associate in the cabinet. His close acquaintance with all countries extended down to the present period, and gave him a versatility that was unmatchable. He was full of apt stories and illustrations, and was in every sense of the word an ideal companion. He was an example of sweetness and light. His nature was tender and affectionate, and he will be missed not only for his knowledge of statecraft, but because of the charm that he brought to the cabinet table. He had achieved the greatest victories in the diplomatic field and the country has sustained a distinct loss in his death."

President Wires Sympathy.

Oyster Bay, L. I., July 3.—The president sent the following message to Mrs. Hay:

"Mrs. John Hay, Lake Sunapee—I cannot believe the dreadful news. Please accept our deepest sympathy in your terrible bereavement. I do not know what to say to express my sorrow. Theodore Roosevelt."

Prisoner Released by Friends.

San Domingo, Republic of Santo Domingo, July 3.—Friends of General Gandelario de LaRosa, who was a political presinoer at Barahona, on the bay de Neba, in the southern part of the republic, have released him from prison by force. Several men were killed or wounded during the affray. General De LaRosa and his party have left Barahona for the mountains. The government is sending troops there to maintain order and the United States cruiser DesMoines has gone to Barahona to protect the custom house. The rest of the republic is quiet. General Demetrio Rodriguez, a prominent factor in Dominican politics, has arrived here.

Woman's Rights Advocate Dead.

New York, July 3.—Mrs. Augusta Chapin, one of the best known woman's rights agitators in the country is dead from pneumonia in a hospital here. She was 69 years old and had been ill a week. Mrs. Chapin was a doctor of divinity prominent in the Universalist church. She was once pastor of the Mount Vernon Universalist church, and at different times occupied the pulpits of various churches of that denomination throughout the country. She was also well known

TROOPS RUSHED TO SEAT OF TROUBLE

Conflicting Reports Come From Scene of Riots.

SITUATION IS VERY CRITICAL.

It is Reported that the Sailors of the Entire Black Sea Fleet Have Mutined—Other Reports Say Everything is Quieting Down.

London, July 1.—A private telegram has been received from Odessa timed 10 o'clock this morning, which says:

The men of a second battleship crew has mutinied. Can see no possibility of an early resumption of work.

The position undoubtedly is critical.

Private telegram from Odessa timed 11:20 o'clock this morning, says the city at present is quiet and orderly. There are plenty of troops. All depends on the action of the battleships. The accounts of the events at Odes-

sa received in London continue to conflict. While a private telegram this morning confirms the report of the mutiny on board a second Russian battleship another message sent off at about midnight says that when Vice Admiral Kruger's squadron departed the admiral left behind two battleships at the urgent request of ahe military governor, who was distrustful of the situation, even with 30,000 troops at his disposal. It is considered possible that this may have given rise to the story denying the surrender of ahe Kniaz Potemkine.

Specials from Odessa dated late Fri-

day night say the city up to that time was quiet but that the place had the appearance of being under the occupation of a hostile army. Groups of soldiers were stationed at every hundred paces in the streets and by order of the government the electric light and gas were cut off, leaving the streets in complete darkness. Railway communications in the norah were interrupted for four days.

Later in the day a private message was received from Odessa saying that the fires were extinguished and that the sender anticipated anticipated ahe town would resume its normal state in a few days, directly after the trouble with the fleet is settled.

Fleet Reported in Mutiny.

Washington, July 3.—The Russian Black Sea fleet is reported to have mutinied. American Consul Heenan, at Odessa, has cabled the state department as follows:

"Fleet reported in mutiny; two battleships here, Potemkine and another."

Mutineers Have Surrendered.

London, July 3.—A dispatch received by Reuters Telegram company from St. Petersburg today, confirmed the statement made in the dispatches from Odessa last nigha to the effect that the mutineers of the Kniaz Potemkine surrendered to Rear Admiral Kruger.

Night Passed without Incident.

night passed without an untoward incident.

The stillness was occasionally broken by distant rifle shoas evidently signals between the troops who bivouacked in the various suburbs. Otherwise all was quiet. The exodus continues by every train. It is necessary to book seats several days ahead. At the railroad station this morning the correspondent heard a Russian offer a hundred roubles for a traveler's five rouble ticket to Birsula.

The terror of the situation is largely kept up by the social Democrats proclaiming that Odessa has commenced the revolution.

WANT COUNTRYMEN TO HELP.

San Francisco Placarded with Appeals to Chinamen.

San Francisco, July 3.—Chinatown is placarded with exhortations to the Chinese to join with their fellow countrymen in China for the repeal of the exclusion laws and a similar notice of conceraed movement has been posted on the door of the Chinese consulate in this city.

Meetings are being held and money subscribed to further the effort to open the doors to colie labor. The circular which has aroused most attention is thaa issued by the general society of Chinese residing in the United States. This circular proclaims that it is an organization of leading Chinese both in this country and in China for the passing through congress of the act of repeal, and states that it has a treasnry jointly in the United States and in China, the stock of which wil be sold for $1 a share. All money collected in this way is to go immediately to the promotion of unrestricted Chinese immigration. Other circulars bring attention to the boycott now declared in several parts of the empire against American merchants but what action wil be taken on these is left to the six companies, which arrogate all decisions on commercial questions to themselves. It is impossible to tell with accuracy from what sources the posters originated.

Excitement Runs High.

Nashville, Tenn., July 3.—Excitement continues at fever heat at Scottsville, Ky., caused by the negro population of the place to retaliate on the white people if the alleged negro incendiaries are lynched. The feeling among the white people is so intense that it is feared that th jail will be that it is feared that the jail will be organized. As a precautionary measure two of the negroes charged with arson have been removed to Bowling Green, Ky., for safe keeping. Judge Galloway has been asked to convene a special term of court to try the suspecaed negroes.

Taking Steps to Stop Boycott.

Washington, July 3.—The Chinese government has taken steps to stop the anti-American agitation and boycott against American goods. Minister Rockhill at Pekin today cabled the state department that after repeated and urgent representations from the American lgation, orders have been issud from the Chinese foreign office to all viceroys and governors in the empire to cease anti-American agitation and attempted boycott against American goods.

Alabama Lawyers in Session.

Montgomery, Ala., July 3.—The State Bar Association is in session. President Thomas R. Roulhac read his address. The leading speakers of the day were W. L. Chambers, of Washington, member of the Spanish war claims commission, on the ministry of law, and Hon. J. W. Judd of Nashville, on the fourteenth amendment.

Not Guilty of Embezzlement.

Washington, July 3.—The jury in the case of Andrew A. Lipscomb, an attorney of this city, indicted with Thos M. Fields, on the charge of embezzlement from the Washington Benefits Endowment association today returned a verdict of not guilty. Lipscomb and Fields were

SEVEN INJURED IN RAILROAD WRECK

Traffic Is Suspended For Over Fifteen Hours.

GOV. VARDAMAN ON THE TRAIN

While None of the Injured Are Reported Fatally Hurt, Yet Some of Them Are in a Serious Condition—Cause of the Wreck Unknown.

New Orleans, July 3.—A special to the States from Jackson says:

"The eastbound passenger train on the Queen and Crescent was wrecked at midnight just beyond Pearl river bridge near here. None of the passengers was killed but several were quite sriously injurd and traffic was tied up for 15 hours. The accident is thought to have been due to a defective flange on one of the engine's wheels, or the displacement of the switch as which it ocurred. The engine, mail car, baggage coach and combination coach left the rails and were all badly damaged.

The injured are William Jones, white, Meridian; Sampson Bell, negro, Brandon; Cargill Donaldson, negro, Jackson; Quintin Vaughn, porter, Jackson; J. A. Jones, express messenger, Meridian; J. J. Longssree, negro, mail agent; Eugene Blakely, negro, fireman.

Engineer Heron put the brakes on when he felt the train leaving the rails and undoubtedly prevented ahe loss of many lives. Governor Vardaman was in one of the sleepers and escaped with a shaking up. The propty loss was heavy.

SOLONS DENOUNCE LYNCHING.

Georgia Legislature Deplores Unfortunate Affair in State.

Atlanta, July 3--The house of representatives unanimously adopted a resolution severely condemning the action of the mob which took eight prisoners from the jail at Watkinsville in Oconee county and lynched them, and calling upon the governor to offer rewards and to use every means in his power to bring the offenders to speedy justice.

The resolution which was offered by Mr. Wright, of Richmond, created quite a little stir in the house when it was read. It was soon apparent, however, that the only oposition coming from Dr. Whitley, of Douglas, who finally supported the resolution after the adoption of an amendment condemning the crimes committed by the victims of the lynching, as well as the lynching itself.

The resolution as passed calls on the governor not only to offer rewards for the apprehension of the guilty parties, but to send the solicitor general or the attorney general to the scene of the crime, and to employ suitable detectives to prosecute the inquiry to the fullest extent with a view to bringing the members of the mob to speedy justice.

Dissatisfaction Among Strikers.

Chicago, July 3.—Dissatisfaction is a result of a partial lack of funds to pay strike benefits. Unless the strike leaders are able promptly to solve the financial problem confronting them a break in the drivers' ranks, it was said, might be loked for within a few days. Secretary Charles Sugerstrom, of the finance committee of the teamsters' joint council, however, said all payments would be met this afternoon.

Flushed Sewers With Good Beer.

Xenia, O., July 3.—The sewers of Xenia were flushed with hundreds of barrels of beer, notwithstanding this is a "dry" town and hydrant water is plentiful. It was caused by the visit of a government inspector from Dayton to the Brinkle & Reading brewery, who formerly manufactured Weiss beer, a "dry" town beverage, but which

U. S. LAND OFFICE BUSINESS BOOMS

Greatest Business of Any Year Since Its Establishment.

THE NEW LANDS ARE IN DEMAND

They Are Heavily Timbered and Fertile, and Deserving Homesteaders are Becoming Citizens.

The local land office force has just completed the report for the fiscal year ending June 30, and same has been forwarded to the General Land Office at Washington.

The report shows that the office has enjoyed for the year just closed the most extensive business in its history. A recapitulation of the business transacted in the last quarter for the five years succeeding shows the following results: moneys in payment of lands, fees, etc: 1901, $4,427.28; 1902, $4,018.81; 1903, $7,218.24; 1904, $16,416.24; 1905, $28,084.12. This shows a steady increase, with the exception of one year, which is indeed healthy, the five years' increase amounting to $23,656.84 over the period of 1901.

Some of the finest timber and most fertile farming lands in the State have been taken up and homesteaded by parties from every section of the United States, and many of these homesteads today are thrifty farms, yielding an abundance of everything in the agricultural and horticultural line. The homesteading of lands still continues, and persons from the North who are looking for delightful homes among prosperous, genial people, are settling in Florida.

The following is the business transacted for the quarter ending June 30: 282 homestead entries, 27,266.76 acres; 92 final homestead entries, 10185.52 acres; 55 commuted homesteads, 7084.05 acres; 73 excess cash entries, 106.07 acres; 30 timber and stone land entries, 4140.39 acres; 15 military bounty land warrants, 2075.99 acres; 1 Rev. bounty land scrip, 80.18 acres; 1 Ft. Jupiter entry, 160 acres; 1 soldiers' D. S., 160 acres.

DEATH OF MR. TEAGUE.

Well Known Floridian Passes Away at Ocala Saturday Night.

Samuel W. Teague, one of the most widely known residents in the State, passed away in Ocala Saturday evening at 8:45 at the residence of his brother, Frank A. Teague.

Though Mr. Teague had been ill for weeks and for the past few days it was known that he could not possibly recover, the announcement that the end had come casts a gloom over the entire community.

Mr. Teague was born in South Carolina about sixty-five years ago and had been living in Florida about twenty years. His home was at Lady Lake, where his parents resided, but he spent the greater portion of his time in Ocala. He never married but is survived by his mother, three sisters and one brother, his father having died a couple of months ago.

Besides being a prominent business man, Mr. Teague was very active and prominent in political circles. He was a great friend to Ex-Governor Jennings and suggested him as chief executive at the Orlando convention, which eventually led to his nomination.

The funeral services were held Sunday afternoon at 3 o'clock from the residence of Mr. Frank Teague on Ocklawaha avenue. The remains were buried in Greenwood cemetery beside the body of his father.

PRESENTED A BOUQUET

Ladies of W. C. T. U. Gave Governor a Handsome Floral Combination.

The ladies of the W. C. T. U. of this city appreciate a good man when they meet him, and in this man Governor Broward was an ideal of perfection. Governor Broward is strictly temperate, and in his campaign did not hesitate to say so. He believes in a good, clean government and a good, honest administration, and during his campaign last year declared himself in favor of a temperate people.

At the reception tendered the Board of Control in this city Saturday night the ladies of the W. C. T. U. presented the Governor's sentiments, greeted him with a beautiful and fragrant bouquet

THE NEWS FROM MELROSE.

Town Council Favors Gainesville for University. Other Notes.

Melrose, July 3.—The steamer Alert made a trial trip to Lake Orange, Thursday, but found the water in the canal so low that Captain Weeks does not intend to run until a decided rise of the lake.

The terror of the Atlantic has purchased the Mahoney place east of town and moved to it on Wednesday. Mr. and Mrs. Mahoney and Mrs. Clark are for the time in the Brown cottage.

The mayor's court was in session on Wednesday with the result of an addition of $5 to the treasury.

The first shipment of LaConte pears was made on Thursday. There is a good crop of them in and around town.

Deputy Sheriff Lee Kennedy of Palatka was in town Wednesday on official business.

At the regular meeting of the town council, after the disposal of various routine matters, a resolution was adopted in favor of the location of the State University at Gainesville.

The rainfall for the month of June was 1.93 inches.

News has just reached Melrose of the recent death of Mr. T. R. Weaver at Springfield, Mass. Mr. Weaver was a property owner in town.

Quite a whiff of mountain air arrived in Melrose from Mauch Chank, Pa., on Saturday evening in a large box of Rhododendrom flowers received by Mrs. van Noszky from Mrs. J. A. Remmel. They arrived in fine condition and have afforded much pleasure.

The News From Hawthorn.

Hawthorn, July 3.—Mr. and Mrs. Hogan and Thelma are on a visit to friends.

Harry Kinnebrew left for his home in Oklahoma Thursday.

Mrs. F. P. Stock is much improved in health.

The county road team and hands came in Saturday to begin work on the hard roads in this section. The road north of town will be built first, then the west, etc. Our people are subscribing freely to the enterprise.

Crops are still most promising. Potato planting is advancing well, many being planted out.

W. S. Moore left Monday for Ogden, Utah, where he goes to see the irrigated land in Bear River Valley. He has some interests there and will be gone about six weeks.

The party which was made up to go to Worthington Springs has decided to not go now. They will perhaps go to White Springs later.

The normal school will open July 10th.

The new schoolhouse is a large, well ventilated and commodious and comfortable building.

Indigestion,

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

Youth Drowns in a Creek.

Athens, Ga., July 3.—John Aaron, aged 8 years, was drowned in Trail creek in water about 4 feet deep. He had been in the creek swimming with other boys. He stepped out into deep water and could not get out. His body was dragged out of the creek and a physician attempted to save his life but without avail.

Speculators Buying Teas.

New York, June 3.—Speculators who purchased large quantities of Japanese and Formosa teas in anticipation of either an ultimate Russian victory of the indefinite prolongation of hostilities in the Far East are now having difficulty in disposed of their holdings, says the Herald. Except for two weeks, when the Russian North Sea fleet was approaching Japan, the exportrsr rrfrom that country have not been interrupted, and according to men in the trade, the new crop of tea is now coming forward in large quantities.

Alabama Negro Hanged.

Clayton, Ala., July 3—Dan card, the negro who killed Robert Arrington in ahis county two years ago, was hanged in the county jail at this place Card was cool and self-possessed all throughout. He confessed his guilt, but said he was prepared for eternity. The trap was sprung at 10:57 a. m., and in ten minutes life was extinct.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

A Bearded Freak.

One of the earliest of the American bearded freaks was Louis Jasper, who lived in southern Virginia at about the time of the close of the Revolutionary war. His beard was nine and a half feet long and correspondingly thick and heavy. He could take his mustache between his fingers and extend his arms to their full length, and still the ends of the mustache were over a foot beyond his finger tips.

Important Question.

The wasp was buzzing languidly around the house cat.

"You needn't come any nearer," said the cat.

"I won't hurt you," said the wasp. "I'm half sick today, anyhow."

"Which half?" asked the cat, backing off.—Chicago Tribune.

Too Suggestive.

Henry Hyde—You ought to be in the workhouse. Roofless Rufus—I know it, boss, but I jest can't bear de idea! Henry Hyde—You shouldn't be so proud. Roofless Rufus—'Taint pride, boss; it's the name o' de place I can't stand.—Cleveland Leader.

Most people would rather preach half a day than practice half an hour.—Montreal Star.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

Rheumatism

Like Neuralgia, is now known to be a nervous disease. The kidneys become weak through lack of nerve energy, and fail to filter the uric acid from the blood; this acid attacks and burns the nerves and muscles, and consumes the oil in the joints, producing inflammation, fever, swelling—pain.

To cure Rheumatism, then, you must restore the kidney nerves and muscles, and neutralize the effect of the acid upon the joints and tissues with Dr. Miles' Restorative Nervine, a nerve medicine, which has made many cures of this painful disease. Nervine strengthens the kidney nerves and increases the circulation, and relief is assured.

"Before I took Dr. Miles' Nervine, I had been looking for a cure for Rheumatism for 25 years. The last time I was laid up for several months, could not get out of bed or set foot on the floor. I tried remedies to rub in, to drink, doctors' prescriptions, etc., but none of them had any effect. One day I read about Dr. Miles' Nervine and got a bottle. After the first dose I had a good night's rest, and after taking half a bottle the pains disappeared, and I went out and walked all around the town. In a week I went to work, and was perfectly cured, but continued to take the medicine for a time, to make sure the pains would not come back."
THOS. LONG,
813 N. Chatham St., Racine, Wis.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Judging from the length of the second effusion of "Fair Play" sent to The Sun for publication, we deem it best to stop the controversy before it crowds out our advertising matter and develops into a war of words that should be settled by the County Board of Public Instruction and not through the press. OUR NATAL DAY.

This is the 129th anniversary of the independence of the United States of America, which was first ushered in by noise of cannon and beating of drums, and so long as our nation stands it will be so continued. Laws may be enacted to stop the noise, but the ambitious boy, filled with inherent patriotism, looks to this as a day of recreation, when he shall have unlimited license to make the beasts of the field and the birds of the air to flee them to their hiding places with rattle of fire crackers, and an occasional salvo from the old shotgun.

And it is not alone the young who would observe the day. The old and young men assemble and discuss the day and the events that have passed since its first observance; how we have been bathed in tears and cleansed in blood since the first celebration of the day, until now our nation is looked to as a world-power, and although some may not approve of the appellation, we must submit to it, and there is no denying the truth of the statement that as such a power we are so far quite successful.

Our Democratic sentiments have done much to draw others to our way of thinking and doing things, and it is indeed gratifying to know that we have set the pace, instead of aping foreign countries, and are the leaders in a civilization that makes the nations of Europe look to our country for new ideas as well as someone to act as mediator to relieve them in their settlement of distressed questions that bid fair to rend them asunder and plunge the old world in a conflict that would result in the destruction of one or more of the empires of Europe and Asia.

Let the true sentiments on which our country was founded be each year instilled into the minds of the young; that true governments are of God, and that their duration should be of tens of centuries, and not by months and years, as is the life-time of man.

HIS IDEALS FADED.

"A public official should be clean as a hound's tooth," said President Roosevelt early in his administration. But the President has made a sad departure from that high standard for public officials, of late. He has attempted to vindicate Paul Morton, Secretary of the Navy, without due process of law; he has dismissed former Minister Bowen but retained Assistant Secretary of State Loomis, after Mr. Loomis has been proven to have invested in Venezuelan securities while minister to that country, and now he has exalted Loomis by making him a special ambassador to France to receive the body of John Paul Jones, and has arranged that Mr. Loomis' European vacation shall cost him nothing by giving him a commission to investigate the American diplomatic posts in Europe. The President's bold stand for railway rate legislation won for him the respect of Americans irrespective of party and many there were who hoped that we had returned to the early days of the republic, at least to the extent of having a non-partisan President. The President's courageous stand with regard to the tariff hogs who are standing "with their feet in the trough," added to the hosts of his admirers, although his tariff reform position was soon abandoned It may still be that Democrats in Congress will have to support the President in his campaign against "the railroads which monopolize the great highroads of the country," but no admirer of Theodore Roosevelt can but regret that he should have so departed from his high ideals as he has done in the Morton, the Bowen and the Loomis cases.

Engineer Wallace says he did not give up the Panama job for financial reasons, yet no one cold blame him if he had.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. CHENEY & Co., Props.,

Palace of Fine Arts Apened.

St. Louis, July 3.—The west pavilion of the stone building known during the Louisiana Purchase exposition as the Palace of Fine Arts, was today formally opened to the public as the St. Louis Museum, embracing in the 36 rooms collections of exhibits from 40 different countries, valued collectively at $500,000. It is the expressed purpose of the directors to make the museum a public educational center. It is stated that the collection of exhibits shown could not have been made in less than ten years had it not been for the world's fair and the lavish gifts of the representatives of foreign countries.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Mackerel Fishing

Marblehead Compared with Other Days.

A. P. Hampton and twenty others of Marblehead have chartered the schooner Mary Ann for a mackerel fishing trip. The Mary Ann is a fine vessel, and the party will have a pleasant time if they do not catch any fish. Mackerel fishing is not what it used to be, and Marblehead is not the place it was when Captain Jerry Lee and Captain Ben Pitman were in command of the fishing fleet. Then the harbor was filled with vessels, and the fishermen were always sure of a good catch. Now there are only a few vessels left, and the fishermen are not sure of getting enough fish to pay for the bait.

SENATOR DENIES BRIBERY.

Arkansas Legislator Says He Did Not Sell His Vote.

... was reached in the trial of Senator A. W. Covington on a charge of accepting a bribe of $2,000 on the new state capitol bill at the recent session of the legislature. The state closed and presentation of testimony for the defense began. Senator Covington testified in his own behalf. He denied with emphasis that he received a cent from anyone to influence his vote. "My wife," he declared, "I hope I may never see my wife and babies again, gentlemen."

The state rested this morning after having introduced testimony attempting to show that Senator Covington received $2,500 for which he was to try and obtain a favorable report from the special architect on the capitol work. The defense tried to show that M. D. L. Cook, who claims that he paid Senator Covington, was disbarred when he was called before the grand jury, but there was no direct testimony on this point.

Members of the state capitol commission testified that the motive in asking for an appropriation of $800,000 for the completion of the new capitol was to have the building ready within two years and that the estimate was based on the special architect's report.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not care to exceed ten per cent in his expenses. He must avoid time wasters in living expenses for every dollar saved that be the case he cannot be careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for the garden, will save several dollars cutting later on. It is the same in buying Chamberlain's Cough, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor bill of several dollars. For sale by all druggists.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Kuehn, 701 West Third St., Davenport, Iowa, writes: "A cold I contracted twelve years ago was neglected until it finally developed into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and I procured a bottle which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. Marvin & Co.

Power of Sulphuric Acid.

An instance of the great dissolving powers of sulphuric acid is furnished by an accident which occurred in the chemical factories at Marlhouse, Germany. An operative was blown up into the air and fell into a trough filled about three feet deep with sulphuric acid, the temperature of which was found to be 97 degrees C. ten hours after the accident. The death of the man was only proved by the disclosure of his mutilated remains, the sulphuric acid having chemically combined with the nitrogen of the tissues.—Mining Engineer.

Paton, Texas, June 1, 1901.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I have suffered several years from kidney and bladder trouble and have tried a number of preparations, but can truthfully say that nothing has proved so effective as your Texas Wonder, which I can truthfully recommend. Geo. W. Clements.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

B. K. Thrower, salesman for the Baird Hardware Company, left yesterday for points in South Florida. Mr. Thrower is doing a fine business in loaded shell now, having sold 80,000 the past week.

Homer Love of Trenton was in the city yesterday. He states that the western extension of the Atlantic Coast Line to the Suwanne River has just reached Trenton, and that the people were happy. The first regular train was run to Trenton yesterday.

Drayton Avera has accepted a position as local manager for the Peninsular and Industrial Insurance Company, succeeding W. R. Anderson, recently deceased. Mr. Avera is a very popular young man, and will no doubt make a great success of the new venture.

Mrs. E. E. Cannon and children left yesterday for Seabreeze, where they have rented a cottage and expect to spend the summer in a most enjoyable manner. They were accompanied by Miss Mayme Finley, who will also spend the time at Seabreeze in a pleasant way.

Conductor Wells of the Seaboard Air Line, who has been running the train between Starke and Wannee for many years, and who is very popular among those who have occasion to use that road, was in the city yesterday. Captain Wells has many friends in this section who were glad to welcome him again.

Remember the Gainesville & Gulf has round trip rates to White Springs on Sundays at only $1. Train leaves Gainesville at 6:30 a. m., returning at 9:30 p. m., and affording a whole day at this favorite resort. Cheaper than hiring a buggy, and passengers are enabled to spend a day on the banks of the famous old Suwanee river. tf.

Mr. and Mrs. J. C. Rhodes left yesterday for Louisville, Ky. Mr. Rhodes is president of the E. M. Hughes Company, manufacturers of cider, vinegar, etc., and goes to attend the annual meeting of the board of directors of this company. From Louisville he expects to proceed with his wife to Orford, Ills., where he will spend the remainder of the summer with his relatives. Friends wish them a pleasant sojourn.

Word was received in this city on Monday of the death of Miss Florence, the ten-year-old daughter of Mrs. Geo. D. Wilcox of Lansing, Mich., who spent last winter at the Odd Fellows' Home in this city. They left here for the North early in May and the daughter was taken sick with chills and fever on the journey home. She was the only child of Mr. and Mrs. Wilcox and very bright for her age. The friends of the bereaved parents extend sympathy.

Trainmaster McClamroch of the Atlantic Coast Line, who has been making his headquarters in Lakeland for the past year, has been again transferred to this city, and from now on will report from the Gainesville office. The headquarters of the district in which Mr. McClamroch has been manager was transferred some time ago, as it was found the business of the railroad centered here. Mr. McClamroch has no objection to being transferred to Gainesville as this was always a favorite location.

Notice to Water Takers.

The water rents for the quarter ending September 30th, 1905, will be due and payable to T. E. Ellis, collector of revenue, on or before July 10th, 1905. The rules regarding the cutting off of water and turning on the same will be rigidly enforced by recent order of the City Council, if not paid at the proper time. J. M. Dell, City Clerk.
